Where're the Org challenges?

Work from home state?

#

Employees working from home, these are broad management challenges:

- Monitor Productive hours
- Usage of Business APPs
- Whats my team efficiency?
- How to control usage?
- How to identify risky users?
- Offer feedback

Manager's Expectation

I am concerned #1

Difficult to identify how many of my team mates are active during working hours?

I am concerned #2

How much time they spent on business vs non-business apps?

I am concerned #3

Is there a way to measure team efficiency?

Can I define what apps and web services my team mates will focus during working hours, irrespective of work location?
